

Shepherd Hut Studio

Our modern day twist on the traditional Shepherd Hut on Wheeled Chassis, Shepherd Hut Studios are the perfect extraordinary summer house. Built using the same high quality 5th grade Scandinavian redwood, and traditional methods for joinery as our traditional Shepherd Huts.

Standard features

To get the most out of your building, and ensure your building is tailored to your needs, be sure to check out the optional extras page where you will find a whole range of items intended to create the building of your dreams.

As standard our Shepherd Hut Studios come with the following:

- Option of 15mm or heavy duty secret nail 22mm redwood T&G external cladding
- Curved roof in 15mm redwood T&G, covered with heavy duty mineralised non-rip felt
 - Raised floor in 15mm redwood T&G
 - 3 of 3' x 2' opening mortise and tenon windows
 - Double half glazed mortise and tenon doors
 - 3 lever mortice lock, and cast iron handle
- All door hinges, fixtures and fittings in heavy duty cast iron
 - Decorative barge boards and chunky corner splines

Make your building stand out and stand the test of our british seasons with our 5 coat painting system - please see optional extras

Insulation and lining

Create an all year round usable space in your garden by insulating and lining your building. We use 40mm Celotex insulation in your walls and floor, and a double layer aluminium bubble sheet is used in the roof. We have two styles of internal lining available, and both options are finished with finishing splines, coving, and skirting boards to create a luxurious and high-end interior product. 90mm Celotex is also available, together with a framework upgrade.

Painting

Our 5 layer external painting system provides your building with two primary coats of Colron knot treatment, before a further three coats of the paint of your choice; either exterior range water-based paint, oil based wood preserve, or a combination of both.

Internal painting; As per external painting, a 5 layer system which includes walls, floor, back surrounds of doors and windows, and can also include ceiling and trusses. 1 paint colour and 1 wood preserve (advised for floor) included in your internal paint price.

Roofing Options

Heavy duty felt tiles, colour options of Slate, Red and Green
Sedum / Living roof includes plastic membrane and water retaining fleece
Apex / Pent Tin roof - corrugated, galvanised tin roof, various colours available

Shepherd Hut / Studio Tin roof - corrugated and curved tin, galvanised or matte black available

Electrics Package

You design the placement of your sockets and light tails to create the room that works for you. Our electrical package also includes a fuse box, trip switch and external mains hook up point (wall-mounted panel heaters also available). *electrician required after installation to connect building to fuse box.

Woodburner

Make your building the place to be this winter with our wood burners. Small but mighty & perfect for all of our buildings. Our wood burner includes a glass window and has a nominal output of 4kw.

Includes flue, surrounds, base and fitting.

Bathroom & Kitchens available - please contact for details.
