

Shepherd Hut on Wheeled Chassis

We pride ourselves on our traditional Shepherd Huts, whether you are creating an idyllic hide away to escape the bustle, or a show off centre piece for your garden. Whilst the classic design, curved roof and cast iron wheels are a quaint attraction for your home, our solid, hand crafted buildings will ensure you are confident in the quality of your building, and its ability to stand the test of time.

With a vast range of additions available for your garden project, we can transform your garden building into a welcoming, warm, enjoyable room situated in the beauty of your garden to be used throughout the year.

Standard features

- Option of 15mm or heavy duty secret nail 22mm redwood T&G external cladding
 - 4 of 16" cast iron wheels
 - 3 of 3' x 2' opening mortise and tenon windows

Insulation and lining

Create an all year round usable space in your garden by insulating and lining your building. We use 40mm Celotex insulation in your walls and floor, and a double layer aluminium bubble sheet is used in the roof. We have two styles of internal lining available, and both options are finished with finishing splines, coving, and skirting boards to create a luxurious and high-end interior product. 90mm Celotex is also available, together with a framework upgrade.

Painting

Our 5 layer external painting system provides your building with two primary coats of Colron knot treatment, before a further three coats of the paint of your choice; either exterior range water-based paint, oil based wood preserve, or a combination of both.

Internal painting; As per external painting, a 5 layer system which includes walls, floor, back surrounds of doors and windows, and can also include ceiling and trusses. 1 paint colour and 1 wood preserve (advised for floor) included in your internal paint price.

Roofing Options

Heavy duty felt tiles, colour options of Slate, Red and Green
Sedum / Living roof includes plastic membrane and water retaining fleece
Apex / Pent Tin roof - corrugated, galvanised tin roof, various colours available

Shepherd Hut / Studio Tin roof - corrugated and curved tin, galvanised or matte black available

Electrics Package

You design the placement of your sockets and light tails to create the room that works for you. Our electrical package also includes a fuse box, trip switch and external mains hook up point (wall-mounted panel heaters also available). *electrician required after installation to connect building to fuse box.

Woodburner

Make your building the place to be this winter with our wood burners. Small but mighty & perfect for all of our buildings. Our wood burner includes a glass window and has a nominal output of 4kw.

Includes flue, surrounds, base and fitting.

Bathroom & Kitchens available - please contact for details.
